

LINKED DATA FRAGMENTS

James Van Mil [@jamesvanmil](#)

and on behalf of...

Steven Anderson (Boston Public Library), Corey Harper (New York University), Trey Terrell (Oregon State University)
and the rest of the [Hydra Applied Linked Data Subgroup](#)

THE PROBLEM:

Using RDF vocab relies on the availability of external services

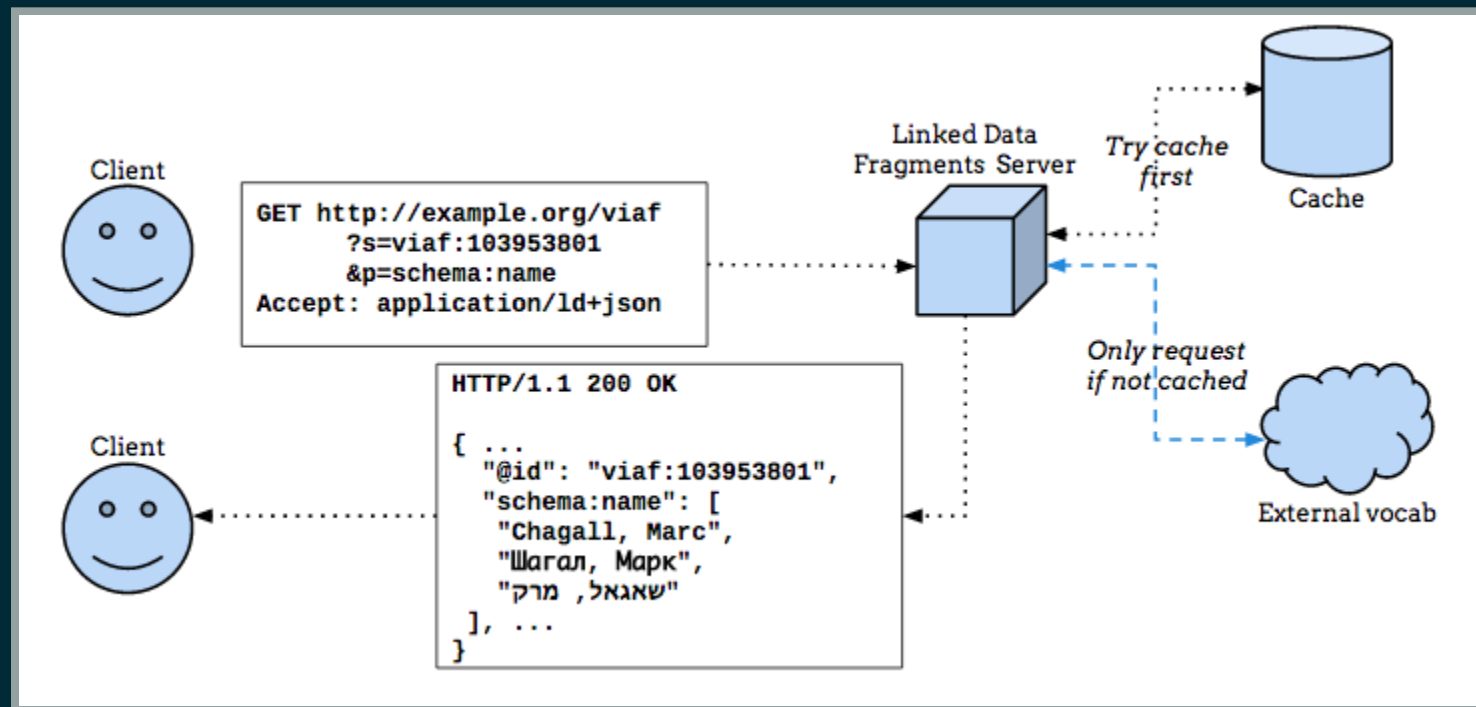

A SOLUTION!:

<http://linkeddatafragments.org/>

"make the Web of Data Web-scale by moving intelligence
from servers to clients"

<http://client.linkeddatafragments.org/>

OUR APPLICATION:

<https://github.com/activetriples/linked-data-fragments>
